Meeting # 1246

Quote of the week: -

Get your facts first, and then you can distort them as you please.

~Mark Twain

DIANE'S DIARY

Again we had some up close and personal dining this week but it did seem to work much better this week.

It was wonderful to have Narelle Langfield back with us. Narelle gave a wonderful talk on her role with the Cancer Council and gave us an important discussion on the five most common cancers and the signs and symptoms that we should look out for. Thanks Narelle.

Don't forget that Guess who's coming to Dinner is on this month and should be a great night. See Peter Ryan if you haven't put your name down yet.

The Science and Engineering Challenge will also be on again in March so we will be having the Challenge dinner instead of our normal meeting. More details to come but please consider coming to the dinner, it's a great night full of fun with an interesting speaker and who knows, you may even learn something new!

That's it from me for another week. Be good, be safe and if you can't be either of those at least be careful.

Cheers

Diane

Photos from last meeting: Thanks to Narelle for her presentation on cancer.

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST.** The development of acquaintance as an opportunity for service;
- **SECOND.** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD.** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
