Meeting # 1360

PRESIDENT'S REPORT

We heard the amazing story of the charge of Beersheba which occurred on 31 October 1917. This year is their 100th anniversary. Brian Sullivan introduced a uniquely Tamworth flavour to the charge by introducing us to Harry George Cheville and Major Eric Hyman.

Eric Hyman and his family owned a substantial track of land in South Tamworth and the names of his children can be seen in many street names in South Tamworth.

More about Beersheba. The allies were hoping that a major victory against the Turkish Empire in Palestine would break the stalemate and turn the tide of war in their favour. Success in Palestine depended upon the capture of Beersheba. Beersheba was a critical target and heavily defended.

The element of surprise was in favour of the Australian Light Horse Brigade. Whilst the Turks expected an attack they did not expect an attack from the direction that the Light Horse chose. The Turks assumed that nobody in their right minds would foolishly ride through the searing hot desert of Palestine and attack Beersheba from the desert side.

Notwithstanding the element of surprise, the Turkish defences were formidable with machine guns and light artillery protecting the fortress.

The general tactic for the Light Horse was to ride to the scene, get off your horse and fight as regular infantry. So when the Turkish and German commanders at Beersheba saw the Aussies amassing in the desert their orders were simply – wait for them to get off their horses and blow them apart.

800 Australian cavalrymen galloped forward on what could only be described as a potentially suicide mission.

The Aussie Light Horse however did not dismount, they rode directly at the Turks until it was all too late. The Aussies charged through blistering heavy weapons fire, their goal being to reach the enemy trench lines to then enable them to swing their bayonets.

The men of the Light Horse rode all the way and leaped over a row of barb wire, crossed two rows of enemy trenches which were four feet wide by ten foot deep. The Aussies

dismounted and after a bloody fight, Beersheba was in the hands of the Australian Light Horse.

Of the 800 cavalrymen, Australia suffered just 31 troopers killed and 36 wounded. They captured 750 Turks and more importantly seized 17 water wells. A remarkable story which I thought was worthwhile recounting.

Great news for our Rotary family with the announcement that Dimity Betts has fallen pregnant and we are now charged with the responsibility of bringing in to the world a new young Rotarian.

Dimity is also looking for additional volunteers to assist with the Dance for Cancer Ball to be held on 24 June. Please indicate if you can assist.

Our changeover dinner is on 17 June and I would love to see you and your partner there.

The Gold Coast golf trip is on between 6th and 11th August and applications close at the end of June.

Maureen Thornton reminded us to check our child protection expiry dates and also to advise her what the expiry date is. It is a legal requirement that everybody have a working with children check and that the registration be in date.

The other big news is that the Districts Global Grant application for the provision of potable cool water in 80 State schools in the Punjabi State, in India has been approved. With the funds donated by clubs within our District, a district grant from within District 9650 as well as a district grant from the Indian clubs together with the Global grant, we now have \$125,925.00 Australian which is enough to carry out the project. If you ever needed proof that donating to our Rotary Foundation was worthwhile, this is a clear example.

I've indicated to Ken Hall, the coordinator for this project, that we have members within our club who would be keen to take part in a work party to assist with this project. I will keep you informed on this exciting development.

At our next meeting, member Glenn McIntosh will provide a personal profile with a pictorial which will be very interesting.

Enjoy your week! Cheers Robbo

GUEST SPEAKER

Brian Sullivan. 100 years of Beersheba.

Introduction and notes: Richard Hardwick

Thanks: Barry Biffin

Brian is a retired school teacher who has lived in the Tamworth area for 36 years. Brian is married with 4 children and 8 grandchildren. He is the secretary of the local Parkinson's group and finds that doing research and public speaking assists in keeping the mind active and helps with dealing with Parkinson's disease.

Brian considers himself as an amateur historian and took an interest in a couple of parks that Lions have control of in Tamworth these being Hyman and Chauvel Parks in South Tamworth. From research Brian found out the significance of the men behind the names and their links to the last successful cavalry charge at Beersheba on 31 Oct 1917.

Henry Chauvel - 16 April 1865 - 4 March 1945

Harry Chauvel was born in Tabulam, New South Wales, on 16 April 1865. He began his education at Sydney Grammar School before moving to Toowoomba in Queensland and attending Toowoomba Grammar. Chauvel's father was a major in the militia and had raised his own unit, the Upper Clarence Light Horse, into which Harry was commissioned at the age of 21.

Chauvel served on Gallipoli as commander of the 1st Light Horse Brigade. Arriving on 12 May, he took command of a sector that included Quinn's Post, Courtney's Post, and Steele's Post, each the scene of heavy fighting. Illness forced his evacuation and he spent June and July in hospital, returning to take command of the New Zealand and Australian Division in September 1915. In November he was given command of the 1st Australian Division and was promoted to major general.

Given his choice of commands in Egypt after the evacuation, Chauvel took charge of the Australian and New Zealand Mounted Division; in June 1916, he became the General Officer Commanding, AIF in Egypt. Chauvel won the first decisive British victory of the war when he defeated the Turks at Romani, stopping their second attempt to reach the Suez.

In August 1917 Chauvel became the first Australian to permanently command a corps: the Desert Mounted Corps, comprising British, Australian, and New Zealand units. His appointment followed two failed attempts to take Gaza. The third attempt involved a flanking manoeuvre necessitating the capture of Beersheba, duly achieved through the famous mounted charge by the 4th Light Horse Brigade. Success there opened the way for the eventual advance through Palestine that ended with the Turkish surrender in October 1918. Chauvel has been described as a commander that understood the capabilities of his mounted troops; used them wisely, taking calculated risks and withdrawing when necessary; and kept losses to a minimum.

During the Second World War, Chauvel took up the post of Inspector General of the Volunteer Defence Corps; he held this post until his death on 4 March 1945.

Eric Hyman

Eric Hyman was born in Tamworth as eldest of 9 siblings. Embarked with the original ANZAC fleet from Fremantle in November 1914 for Egypt and then onto Gallipoli.

From Gallipoli he returned to Egypt then on to the conflict in Palestine. Now Major Hyman Officer Commanding of A SQN 12th LHR was the lead squadron into the battle at Beersheba and at one stage dismounted with 13 other troopers and stormed a sizeable redoubt (high feature) resulting in the capturing of the redoubt and taking numerous prisoners. This action lead to Major Hyman being mentioned for a Victoria Cross but was later awarded the lesser honour of Distinguished Service Order (DSO).

Attack on Beersheba

Beersheba, a heavily fortified town 43 km from the Turkish bastion of Gaza, was the scene of an historic charge by the 4th Light Horse Brigade on 31 October 1917. Beersheba anchored the right end of a defensive line that stretched all the way from Gaza on the Mediterranean coast. After two failed attempts to attack Gaza frontally it was decided to outflank it by turning the Turkish line around Beersheba. The attack was launched at dawn on 31 October but by late afternoon the British 20 Corps had made little headway toward the town and its vital wells. Lieutenant General Harry Chauvel, commanding the Desert Mounted Corps, thus ordered the 4th Light Horse Brigade forward to attempt to secure the position. Brigadier William Grant responded by ordering light horseman of the 4th and

12th Regiments to charge at the unwired Turkish trenches. Employing their bayonets as "swords" the momentum of the surprise attack carried them through the Turkish defences. The water supplies were saved and over 1,000 Turkish prisoners were taken. The fall of Beersheba thus opened the way for a general outflanking of the Gaza-Beersheba Line. After severe fighting Turkish forces abandoned Gaza on 6 November and began their withdrawal into Palestine.

MAY IS YOUTH SERVICE MONTH

Rotary Clubs across Australia sponsor young people in the development of skills in the areas of communication, leadership, road safety / driver awareness, resilience and self-esteem and in furthering their career aspirations in the areas of mathematics and science.

Youth Service recognizes the positive change implemented by youth and young adults through leadership development activities, service projects and exchange programs and aims to provide innovative and practical opportunities to assist and motivate young people in our communities to acquire learning and life skills. Youth Service is an investment in the future. A commitment to Youth Service within and through our clubs is a commitment to the next generation of potential Rotarians and the ongoing future and health of our clubs. Our club is involved in many youth service projects, including:

- RYLA
- MUNA
- Rotary youth exchange
- Science and Engineering Challenge
- Careers expo

The Object of Rotary				
 The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster: FIRST. The development of acquaintance as an opportunity for service; SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society; THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life; FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
